

## Certificate of Decontamination

Please complete this certificate and clearly attach it to your product being returned.

ALS respects the health and safety of its employees and request that any product which is returned to ALS or serviced on site must be cleaned and decontaminated in the appropriate manner. This certificate, duly completed, must be either sent in advance (fixed to the outer packing containing the product), or handed to the service engineer.

Packages will not be opened nor servicing commenced until the company or service engineer has received an adequate certificate. ALS reserves the right to return any product, at the customer's expense, that does not appear in compliance with this request. Please return the essential information below prior sending back any devices and thus avoid any unnecessary delay.
